

Made specifically for children's play spaces, the Ucreate products draw children in with bright colors and fanciful animations. The interactive art tables give children and the whole family a new way to explore gesture painting, puzzles, interactive coloring, and the enjoyment of collaborative games that are part of a growing digital platform that is developed by NunoErin. Offered as table tops or tables with with wire maintenance. Power runs through the leg plug into a floor outlet beneath the base or in a wall outlet. Bolt down legs with internal power are also available.

Care & Maintenance

Spray the top interactive surface with multi-surface cleaner and wipe using a soft cloth. Do not clean or dry with abrasive cloths, towels or other items with a rough surface. Recommended cleaners include Fantastik household cleaner, Formula 409 household cleaner, and Windex window cleaner. For disinfecting, Sani-Cloth® AF3 Germicidal Disposable Wipes are recommended. Do not use strong acidic or solvent based cleaners, including: isopropyl alcohol, benzene, carbon tetrachloride, gasoline, or lacquer thinners, Ethyl Acetate, Alcohol, Acetone, Ammonia, Hydrogen Peroxide, Sulfuric Acid. Steris Coverage Plus® Germicidal Surface Wipes and Clorox Healthcare® Hydrogen Peroxide Cleaner Disinfectant Wipes contain damaging chemicals and should not be used.
